

## LAND SURVEYING

The Survey Division is responsible for providing:

- Land surveying services over State Land [leased, vested, vacant, ex-CHA and NHDC]
- Land information on parcels of State Land
- Inspection services over illegally occupied State Land

The Survey Division carry out land surveys [subdivision of State Land, excision of land, creation of accesses and roads, special surveys and projects].

The Survey Division represents the Ministry in Court cases where there are land disputes [boundary or ownership]

The Survey Division also represents Government where private Land Surveyors issue notices to attend survey where private properties are bounded by State Lands.
